

AI Prompt Activity Instructions:

Take a look at these prompts below as directed by the instructor. In your small group, select 5 or 6 and generate your images and then share them with your instructor when finished. Create a slideshow that contains your group member names and each of the images you generated along with the prompt you utilized to generate them.

African Safari-Themed Prompts:

1. **"A group of elephants walking through the savannah at sunset."**
 - Explore African wildlife, focusing on elephants and the beautiful landscape of the savannah.
2. **"A majestic lion sitting on a rock, looking over the African plains at dawn."**
 - Highlight one of Africa's iconic animals and the vastness of the African plains.
3. **"A giraffe munching on trees in a lush African jungle with colorful birds flying around."**
 - Introduce the diverse wildlife in Africa, including giraffes, and the jungle's colorful ecosystem.
4. **"A zebra herd grazing peacefully near a watering hole in the African savannah."**
 - Focus on the beauty of African wildlife and the peaceful coexistence of different animal species.
5. **"A cheetah running at full speed across the African grasslands, chasing after its prey."**
 - Showcase the incredible speed and agility of African wildlife, specifically cheetahs.
6. **"A mother and baby rhino walking together through an African wildlife reserve."**

- Introduce rhinos and highlight the relationship between mothers and their babies in the animal kingdom.
7. **"A colorful African sunset with silhouetted giraffes, zebras, and acacia trees."**
- Capture the beauty of the African landscape, with animals set against a stunning sunset.
8. **"A herd of wildebeests crossing a river during their great migration in Africa."**
- Explore the concept of animal migrations, specifically the dramatic annual wildebeest migration.
9. **"A group of playful meerkats standing on a rock, looking out over the desert."**
- Introduce meerkats as an iconic species native to Africa, along with the desert habitat.
10. **"A cheetah lying in the grass, blending in with the landscape, ready to pounce on its prey."**
- Encourage kids to explore the concept of camouflage in the animal kingdom, especially for predators like cheetahs.
-

African Culture-Themed Prompts:

11. **"A traditional African village with huts made of clay and a warm, welcoming atmosphere."**
- Introduces kids to traditional African architecture and village life.
12. **"An African dance performance with people wearing colorful clothing and traditional jewelry."**
- Highlights the vibrant traditions and art of African dance and cultural celebrations.
13. **"A bustling African market with people selling colorful fabrics, fruits, and handcrafted goods."**

- Showcases the diversity and vibrancy of African markets, focusing on local crafts and food.
14. **"A Maasai warrior wearing traditional red robes and beads, standing proudly in front of a sunrise."**
- Explores the culture and traditions of the Maasai people, a well-known ethnic group in East Africa.
15. **"A large African drum circle with people playing together in harmony during a celebration."**
- Introduces kids to African music, rhythm, and the cultural importance of drumming.
16. **"A woman wearing a brightly colored African dress, carrying a basket of fruit on her head."**
- Highlights traditional African clothing and daily practices such as carrying baskets on the head.
17. **"A group of children playing soccer in an open field, with African-style buildings in the background."**
- Shows how soccer (football) is enjoyed by children across the African continent.
18. **"A colorful African mask made of wood and beads, with intricate designs and patterns."**
- Introduces African art and the significance of masks in many African cultures.
19. **"An African family sitting around a fire, sharing stories under a starlit sky."**
- Emphasizes the importance of storytelling and family traditions in African cultures.
20. **"A traditional African bead necklace, showcasing bright, colorful beads with geometric patterns."**
- Explores the cultural significance of beads in various African tribes, often used for adornment and communication.
-

Combination Prompts (Safari + Culture):

21. "An African storyteller sitting under a baobab tree, telling a tale to children about lions and elephants."

- Blends the beauty of African wildlife with the rich tradition of oral storytelling.

22. "A safari jeep driving through a game reserve, with Maasai people wearing traditional attire waving as the jeep passes."

- Combines the adventure of a safari with a cultural connection to the Maasai people.

23. "A traditional African drum being played while a group of animals—elephants, lions, and giraffes—move through the background."

- Merges music and animals to show how African culture and wildlife can coexist in art.

24. "A young Maasai child learning how to herd goats on an African plain, with zebras in the distance."

- Shows the connection between African culture and the land, while including elements of traditional herding and wildlife.

25. "A colorful African fabric with patterns of lions, elephants, and giraffes, symbolizing wildlife protection."

- Uses fabric patterns to represent both African culture and wildlife conservation.
